## Customised and Innovative Services on an International Scale

### IXIS Corporate & Investment Bank - Your Alternative Investment Partner

IXIS Corporate & Investment Bank, the investment banking arm of Groupe Caisse d'Epargne, France's third banking network, provides international issuers and investors with an extensive array of high value added intermediation, structured finance, financing, engineering and research services. The bank has developed its specialities in increasingly complex markets where it can leverage its expertise and deliver real added value to its clients. The bank maintains a global presence through its presence in key financial centres Paris, London, Frankfurt, Luxembourg, Dublin, Madrid, Milan, New York, Tokyo, Hong Kong, Singapore and Dubai.

As a major player in Structured Finance and a leader in Alternative Investment linked Products, IXIS Corporate & Investment Bank places great emphasis on this market segment in order to be fully involved in fund allocation and analysis, structuring, research and placement from the outset. A dedicated Structured Alternative Investment team focuses on innovation and enhancing client relationships to better serve investors and draws on its extensive know-how to design tailored solutions to match each client's needs.
